Subject: Mr T's Leeds Limited 90 Burley Road - Variation of Premise License

To whom this email regards,

I am writing to formally complain about the variation of premise license for Mr T's Leeds Limited.

[REDACTED] and feel that this directly affects me and my house mate. If this is approved then the noise pollution is going to seriously affect our well being [REDACTED] and my job (I work a part time job to make extra money).

The business already is very disruptive and takes no consideration to the residents [REDACTED] and this is only going to further the damage that they cause to said people. In addition to this, the packaging of Mr T's that is scattered around the majority of the streets within a half mile radius is ridiculous already, this will only further that problem.

I hope I have outlined some key issues with the request that has been made and I hope to hear back from you soon.

Regards,

[REDACTED]
