

Work Schedule

Date: 16th November 2021

Report of: Head of Democratic Services

Report to: Scrutiny Board (Adults, Health and Active Lifestyles)

Will the decision be open for call in? Yes No

Does the report contain confidential or exempt information? Yes No

What is this report about?

Including how it contributes to the city's and council's ambitions

- All Scrutiny Boards are required to determine and manage their own work schedule for the municipal year. In doing so, the work schedule should not be considered a fixed and rigid schedule, it should be recognised as a document that can be adapted and changed to reflect any new and emerging issues throughout the year; and also reflect any timetable issues that might occur from time to time.
- The Scrutiny Board Procedure Rules also state that, where appropriate, all terms of reference for work undertaken by Scrutiny Boards will include 'to review how and to what effect consideration has been given to the impact of a service or policy on all equality areas, as set out in the Council's Equality and Diversity Scheme'.
- The latest iteration of the Board's work schedule is attached to this report for the Board's consideration.

Recommendations

Members are requested to consider and discuss the Scrutiny Board's work schedule for the 2021/22 municipal year.

Why is the proposal being put forward?

1. All Scrutiny Boards are required to determine and manage their own work schedule for the municipal year and therefore the latest iteration of the Board's work schedule for the remainder of the municipal year is attached as Appendix 1 for Members' consideration.
2. The latest Executive Board minutes from the meeting held on 20th October 2021 are also attached as Appendix 2. The Scrutiny Board is asked to consider and note the Executive Board minutes, insofar as they relate to the remit of the Scrutiny Board; and consider any matter where specific scrutiny activity may also be warranted.

Developing the work schedule

3. When considering any developments and/or modifications to the work schedule, effort should be undertaken to:
 - Avoid unnecessary duplication by having a full appreciation of any existing forums already having oversight of, or monitoring a particular issue.
 - Ensure any Scrutiny undertaken has clarity and focus of purpose and will add value and can be delivered within an agreed time frame.
 - Avoid pure "information items" except where that information is being received as part of a policy/scrutiny review.
 - Seek advice about available resources and relevant timings, taking into consideration the workload across the Scrutiny Boards and the type of Scrutiny taking place.
 - Build in sufficient flexibility to enable the consideration of urgent matters that may arise during the year.
4. In addition, in order to deliver the work schedule, the Board may need to take a flexible approach and undertake activities outside the formal schedule of meetings – such as working groups and site visits, where necessary and appropriate. This flexible approach may also require additional formal meetings of the Scrutiny Board.

Developments since the previous Scrutiny Board meeting

Redesign of the Community Neurological Rehabilitation Service in Leeds

5. During its meeting on 5th October 2021, the Scrutiny Board was formally updated on the the key themes and emerging priority areas stemming from the engagement with patients, carers and staff in relation to plans to redesign the Community Neurological Rehabilitation Service in Leeds.
6. The timeliness of the Board's meeting allowed for the Board to consider the identified themes and emerging priority areas that will inform the developing model of delivery for the Community Neurological Rehabilitation Service and to share its views prior to a final decision on the model being agreed mutually between Leeds Community Healthcare NHS Trust and NHS Leeds Clinical Commissioning Group at the end of October 2021.
7. A Statement setting out the observations, conclusion and recommendations of the Adults, Health and Active Lifestyles Scrutiny Board was subsequently produced (in consultation with Board Members) and submitted to the Leeds Community Healthcare NHS Trust and NHS Leeds Clinical Commissioning Group. A copy of this Statement is appended to this report (see Appendix 3).

Wards affected: All

Have ward members been consulted?

Yes

No

8. All Scrutiny Boards are required to determine and manage their own work schedule for the municipal year.

What consultation and engagement has taken place?

9. The Vision for Scrutiny also states that Scrutiny Boards should seek the advice of the Scrutiny officer, the relevant Director and Executive Member about available resources prior to agreeing items of work.

What are the resource implications?

10. Experience has shown that the Scrutiny process is more effective and adds greater value if the Board seeks to minimise the number of substantial inquiries running at one time and focus its resources on one key issue at a time.
11. The Vision for Scrutiny, agreed by full Council also recognises that like all other Council functions, resources to support the Scrutiny function are under considerable pressure and that requests from Scrutiny Boards cannot always be met.
12. Consequently, when establishing their work programmes Scrutiny Boards should:
 - Seek the advice of the Scrutiny officer, the relevant Director and Executive Member about available resources;
 - Avoid duplication by having a full appreciation of any existing forums already having oversight of, or monitoring a particular issue;
 - Ensure any Scrutiny undertaken has clarity and focus of purpose and will add value and can be delivered within an agreed time frame.
