Thanks Jane.

Copying in Entertainment Licensing to lodge my objection.

I'm pretty sure that noise from singing and speech would be audible in every house on the top half Bankfield Terrace as soon as this is granted.

That is the issue we had all through the summer. It seems the patrons of the Club are a rowdy bunch, with very loud shouting, singing, chanting, cackling... you name it... all through the afternoon and evening.

Here's the video I captured that shows the type of noise I'm talking about so you have an idea...
