

## Equality, Diversity, Cohesion and Integration Screening – Organisational change impacting on the Workforce

As a public authority we need to ensure that all organisational change arrangements impacting on the workforce have given proper consideration to equality, diversity, cohesion and integration.

Equality and diversity will always have relevancy to organisational changes which impact on a diverse workforce. If you can demonstrate you have considered how your proposals impact on equality, diversity, cohesion and integration then you have already carried out an impact assessment.

A **screening** process is a short, sharp exercise, which completed at the earliest opportunity will help to determine:

- whether or not equality, diversity, cohesion and integration is being/has already been considered, and therefore
- whether or not it is necessary to carry out an impact assessment.

If you have answered **no** to the questions above:

- there may be gaps in your equality and diversity considerations and you should complete an equality and diversity, cohesion and integration impact assessment (organisational change). Please go to **section 4**

If you have answered **yes** to the questions above and;

- Believe you have already considered the impact on equality, diversity, cohesion and integration within your proposal please go to **section 3**.

### 3. Considering the impact on equality, diversity, cohesion and integration

If you can demonstrate you have considered how your proposals impact on equality, diversity, cohesion and integration you have carried out an impact assessment.

Please provide specific details for all three areas below (use the prompts for guidance).

- **How have you considered equality, diversity, cohesion and integration?** (**think about** the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected)

We have taken into account:

- Recruitment and selection processes.
- In terms of budgetary conditions this proposal is funded by Leeds City Council.

- **Key findings**

(**think about** any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

LCC recruitment and selection processes will be used, these incorporate equality and diversity considerations. Terms and Conditions will be in line with council policy and practice.

All relevant policy and practice from the current service provision will be adopted. Any changes that are required for new policies and practice that is needed will integrate equality considerations.

- **Actions**

(**think about** how you will promote positive impact and remove/ reduce negative impact)

- Ensure all LCC employment policy and practices are implemented to ensure fair and equal opportunities to either: transfer to the new service; apply to any new posts created; access other opportunities such as moving to other roles within the council
- Communicate/market changes to the service provision to ensure existing and potential new service users are reassured about the care and support they will be provided with

- Establish a programme of policy and practice review/refresh/new development that incorporates equality consideration
- Consider mechanisms for engaging with existing and potential customers to contribute to policy/practice
- Ensure legal requirements for monitoring the service are undertaken and consider introducing appropriate equality monitoring that can be used to both inform local service provision and raise any emerging issues/concerns to the Department of Health and Social Care.
