Describe the steps you intend to take to promote the four licensing objectives:

- a) General – all four licensing objectives (b, c, d, e)** (please read guidance note 10)

Please see our information below how we will be working towards the licensing objectives.

- b) The prevention of crime and disorder**

In order to prevent crime and disorder from 11PM we are planning on running the kitchen as a dark kitchen which will be only for delivery onl however we will have the following process in place:

Staff will be given training on crime prevention measures;

The shift managers in charge is the full capable to effective and responsible management of the premises;

CCTV system is installed and is clearly visible and the recorded imaged are saved for 30 days and these will be shared with the police and etc which will clearly show the date and time. Our CCTV system records 24. The CCTV captures the full person and we also have a mic camera which can record audio should we need it.

We will display appropriate signage alerting customers to the use of CCTV and will be displayed in a conspicuous position at the premises.

The CCTV camera will be accessible via phone and staff will be trained on how to access this

Staff will be trained on how to deescalate any incidents and should any customer be refused service then they will be asked to leave and police will be called,

We also have a emergency trigger alarm which is connected to verisure should there ever be a situation where this alarm needs to be triggered verisure can monitor the situation and listen in live via audio camera and alert the police.

c) Public safety

In order to ensure public safety and staff building our premises has CCTV camera and is installed with the Verisure Alarm System. The presence of closed-circuit television (CCTV) cameras both inside and immediately outside the premises can actively deter disorder, nuisance, anti-social behaviour and crime

We have the following Cameras installed:

Two Cameras at the front of the shop
One Camera at the back
Two Camera in the customer eat in area and till
Kitchen Camera covering all areas of the kitchen.

We are also connected to the Verisure alarm system should there ever be a SOS situation the staff can press the Verisure SOS button which will automatically alert them and they can monitor the situation and call the police or activate our smoke fog alarm.

We will be following the strict Government guidelines when it comes to covid restrictions throughout this pandemic to ensure our staff and public are safe at all times.

Fire alarms and equipment will be checked regular and maintained.

Fire exits will be kept clear at all times and a trained first aider will be on site at all times during operational hours.

d) The prevention of public nuisance

In order to prevent public nuisance we will implement the following:

Noise Control:

- No music will be played within the premises after 23:00
- We will operate on collection only and customers will receive a text when their order is ready for collection so they can come collect and leave swiftly.

- We will be using delivery partners such as UberEats, JustEats and etc and these drivers will only enter the premises once we have confirmed order is ready to collect.
- We will most likely be switch some of appliance to electric after 23:00 so we only need the access to 1 canopy for fryer and pizza oven.
- We will ensure our canopies and other equipment is cleaned daily and maintained to ensure the equipment runs smoothly and does not many any noise.

Odour Control:

In order to control odour we will put the following process in place which we do on a daily basis anyway:

- We will be using sealed waste bins with close fitting lids.
- We have arrangement that waste is collected on a regular basis by a reputable/licensed waste carrier once a week.
- At the start of shift we will be using our using a regular cleaning programme for all storage areas and waste bins to be brushed down and cleaned and checked end of the shift.
- Drainage system will be checked daily and ensure they are working and no blockage

CONTROL OF LITTER, WASTE AND STREET FOULING

- As a duty of care we will ensure the front of our premsis is checked and cleaned daily before the end of the shift. A member of staff will clear the area outside out shop with a litter picker and put any waste into the bins.
- We also have a contact with a waste company who will collect our waste on a weekly basis.
- We will encourage customers to not eat outside the shop and if they could respect the neighbours and go and eat else where

LIGHT POLLUTION CONTROL

- In order to control lighting we are currently operating on low energy bulbs which are a warm white colour so they will not cause any nuisances to any passers-by looking into the shop or disturb any of the neighbours.
- Out outdoor signage will not cause any annoyance, distraction and discomfort and may cause driving problems by glaring into drivers' eyes or competing with signs and other traffic signals.

e) The protection of children from harm

In order to safe guard any child who looks under the age of 18 will not be allowed into site after 23:00 if they are unaccompanied and police will be contacted to safeguard that child if the child shows signs of risk of harm or danger.

Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to->

work) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a chare code from the service should submit copy documents as set out above.
