and F Venner

**APOLOGIES:** Councillor A Carter

**SUBSTITUTE MEMBER:** Councillor B Anderson

### 105 **Substitute Member**

Under the provisions of Executive and Decision Making Procedure Rule 3.2.6, Councillor B Anderson was invited to attend the meeting on behalf of Councillor A Carter, who had submitted his apologies for absence from the meeting.

### 106 **Exempt Information - Possible Exclusion of the Press and Public**

**RESOLVED** – That, in accordance with Regulation 4 of The Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) Regulations 2012, the public be excluded from the meeting during consideration of the following parts of the agenda designated as exempt from publication on the grounds that it is likely, in view of the nature of the business to be transacted or the nature of the proceedings, that if members of the public were present there would be disclosure to them of exempt information so designated as follows:-

(A) That appendix B to the report entitled, 'Capital Receipt Programme Update', referred to in Minute No. 113 be designated as being exempt from publication in accordance with paragraph 10.4(3) of Schedule 12A(3) of the Local Government Act 1972 and considered in private on the grounds that the information contained within that appendix contains information relating to the financial and business affairs of the Council. It is considered that the release of such information would, or would be likely to prejudice the Council's commercial interests in relation to property transactions. It is considered that the public interest in maintaining the exemption from publication outweighs the public interest in disclosing this information at this point in time;

(B) That appendix 3 to the report entitled, 'Development of the Kirklands Autism Project' referred to in Minute No. 114 be designated as being exempt from publication in accordance with paragraph 10.4(3) of Schedule 12A(3) of the Local Government Act 1972 and considered in private on the grounds that the information contained within that appendix contains information relating to the financial or business affairs of any particular person (including the authority holding that

information). Specifically, the appendix contains commercially sensitive information which if disclosed could prejudice any future land disposal the Council may propose. Therefore, it is considered that the public interest in maintaining the content of the appendix as being exempt from publication outweighs the public interest in disclosing the information;

- (C) That appendix 1 to the report entitled, 'District Heating Update: Investment Plans and Renewal of Local Development Order' referred to in Minute No. 119 be designated as being exempt from publication in accordance with paragraph 10.4(3) of Schedule 12A(3) of the Local Government Act 1972 and considered in private on the grounds that the information contained within that appendix contains information relating to the financial or business affairs of any particular person (including the authority holding that information). Specifically, the appendix contains detailed pricing information underpinning the Council's heat sales business case, which if disclosed could damage the commercial interests of the Council. Disclosure of this information would seriously harm the Council's negotiating position when discussing heat sales with potential customers. Therefore, it is considered that the public interest in maintaining the content of appendix 1 as being exempt from publication outweighs the public interest in disclosing the information.

## LEADER'S PORTFOLIO

## 110 Leeds Best City Ambition

Further to Minute No. 93, 15<sup>th</sup> December 2021, the Director of Resources submitted a report which sought the Board's endorsement of the final proposals for the Best City Ambition and agreement to refer these to Council for consideration and formal adoption following the public and stakeholder consultation exercise which had taken place.

In introducing the report, the Leader emphasised how the Ambition looked to continue to develop collaborative working with partner organisations and local communities across Leeds in order to achieve a range of objectives for the city and to build upon the partnership approach which was adopted in Leeds in response to the pandemic.

Responding to a Member's comments, the Board acknowledged the importance of ensuring that public facing documents and communications for the Best City Ambition were in a format that was easily accessible and understood.

Also, in response to an enquiry, the Board received further information regarding proposals on how performance against the Ambition's objectives would be measured, with it being noted that there was an intention for performance data to be made available on a regular basis and that there would be the ability to present it at a more localised geographical level. In addition, it was highlighted that any tracking of performance data would need to align with any requirements which were developed nationally, such as those referenced within the Government's recently announced Levelling Up White Paper.

A Member emphasised how the Ambition and the performance data it generated needed to be used to inform local decision making and to help maximise the inclusivity of such decision making.

In conclusion, it was highlighted that the proposals reflected a radically new approach, and that in acknowledging the comments made, the approach being taken may need to be adjusted as the Ambition developed in order to ensure that it remained meaningful and effective.

## **RESOLVED** –

- (a) That the Best City Ambition proposals, as attached at Appendix 1 to the submitted report, be noted, together with the composite Scrutiny Board response, as detailed at Appendix 4;

- (b) That it be noted that further development and graphic design work, which may include amendments to wording, will take place prior to publication of the Best City Ambition around 1 April 2022;
- (c) That full Council be recommended to adopt the Best City Ambition, as detailed within the submitted report;
- (d) That it be noted that the Director of Resources will be responsible for the next steps as outlined within paragraphs 10 to 18 of the submitted report, together with the new organisational strategy, as outlined in paragraph 17, which will be received by Executive Board later this year.

(The resolutions referred to within this Minute, given that they were decisions being made in accordance with the Budget and Policy Framework Procedure Rules, were not eligible for Call In, as Executive and Decision Making Procedure Rule 5.1.2 states that the power to Call In decisions does not extend to those decisions made in accordance with the Budget and Policy Framework Procedure Rules)

In response to a Member's enquiry about the levels of public awareness in relation to the recent updates made to the Highway Code, it was undertaken that consideration would be given to this, with a view to the Council making arrangements for such matters to be publicised.

Responding to a Member's comments regarding the need for further related work to be undertaken in respect of safety on residential streets, parking enforcement and accessibility of pavements, the comments made were acknowledged and it was highlighted that the approach towards the 2040 Vision Zero ambition and the wider work and engagement with the public and partners to progress safety on the highways more generally would continue to develop and evolve.

In conclusion, it was noted that the consideration of the submitted report and the establishment of the Vision Zero initiative marked a significant change in approach for the Authority in terms of road safety, with it being noted that Leeds would be at the forefront of this new approach.
