Dear Sir/madam

Having read the proposed application, i object the application based on the following concerns:

As outlined in the Licensing Act 2003, the licensing authorities are required to uphold four functions, thus the two concerning this application are as follows:

Prevention of crime and disorder: The area in discussion [REDACTED]
[REDACTED] Throughout the day, mainly after business hours however, this is known as a hotspot for drug related problems, drunken disorderly antics as well as anti social behaviour (video evidence can be attached/produced upon request). People smoke here, urinate, fight, use drugs as well as loiter, which is extremely concerning as a business owner.

Prevention of public nuisance: As previously stated, the area in discussion is not only a hub for antisocial behaviour, but also light pollution. There is already nuisance from the establishment [REDACTED] as numerous incidents involving intoxicated members of the public take place on the grounds of my business establishment. I run a business which involves the loading and unloading of stock regularly after 7:30pm, the problems stated above are already a health concern/risk, and it is important you understand bringing this application to my establishment, will only continue to be detrimental to my business.

As the Licensing authority, i hope you understand the importance of upholding these objectives before following through with the proposed application by Swan Prime Ltd.

I have attached 2 links to a wetransfer of videos, unfortunately due to the amount of memory space required, I can only provide last weekends footage via online.

I look forward to hearing your response,
