

Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being or has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

1. Title: Report seeking approval to continue to fund the legacy terms and conditions rights for the ex-LCC staff who now work for Aspire Community Benefit Society (Aspire)

Is this a:

- Strategy / Policy**
 Service / Function
 Other

If other, please specify

2. Please provide a brief description of what you are screening

This screening is for a Delegated Decision Report to the Director of Adults and Health, requesting approval to continue to fund the legacy terms and conditions (T&C) rights for the ex-LCC staff who currently work for Aspire Community Benefit Society (Aspire).

This report is to provide the Director of Adults & Health with the details of the legacy T&Cs for the ex-LCC Aspire staff, and why a decision is required to continue to pay and support the pension and terms and conditions as the Aspire contractual relationship changes.

This decision will allow the Adults & Health directorate the ability to monitor and review all ex-LCC staffing costs as a standalone agreement.

3. Relevance to equality, diversity, cohesion and integration

All the council's strategies and policies, service and functions affect service users, employees or the wider community – city wide or more local. These will also have a greater or lesser relevance to equality, diversity, cohesion and integration.

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, carers, disability, gender reassignment, race, religion or belief, sex, sexual orientation. Also those areas that impact on or relate to equality: tackling poverty and improving health and well-being.

Questions	Yes	No
Is there an existing or likely differential impact for the different equality characteristics?		X
Have there been or likely to be any public concerns about the policy or proposal?		X
Could the proposal affect how our services, commissioning or procurement activities are organised, provided, located and by whom?	x	
Could the proposal affect our workforce or employment practices?	x	
Does the proposal involve or will it have an impact on <ul style="list-style-type: none"> • Eliminating unlawful discrimination, victimisation and harassment • Advancing equality of opportunity • Fostering good relations 		x

If you have answered **no** to the questions above please complete **sections 6 and 7**

If you have answered **yes** to any of the above and;

- Believe you have already considered the impact on equality, diversity, cohesion and integration within your proposal please go to **section 4**.
- Are not already considering the impact on equality, diversity, cohesion and integration within your proposal please go to **section 5**.

4. Considering the impact on equality, diversity, cohesion and integration

If you can demonstrate you have considered how your proposals impact on equality, diversity, cohesion and integration you have carried out an impact assessment.

Please provide specific details for all three areas below (use the prompts for guidance).

• **How have you considered equality, diversity, cohesion and integration?**
(**think about** the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected)

The decision is likely to impact both the commissioning of services and workforce and employment practices due to the continued funding of the pay around the legacy T&C's of ex-LCC staff and the continued use of Aspire services throughout Leeds for learning disability services.

Consultation has already taken place around the decision to move Aspire to individualised agreements and was noted in a previous EDCI screening form and Report.

• **Key findings**
(**think about** any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

Although the decision could impact commissioning and the workforce, the decision maintains the status quo and therefore there will be no changes envisaged to negatively impact equality characteristics.

• **Actions**
(**think about** how you will promote positive impact and remove/reduce negative impact)
