Does the report contain confidential or exempt information?  Yes  No

## What is this report about?

### Including how it contributes to the city's and council's ambitions

- During 2019/20, the Children and Families Scrutiny Board agreed to undertake an Inquiry into Exclusions, Elective Home Education and Off-rolling having acknowledged national concerns regarding the rising level of exclusions and elective home education (EHE) numbers, as well as reflecting the position in Leeds linked to school based data and the Council's own commitment towards addressing such matters as part of the Leeds 3As Plan.
- However, throughout the 2020/21 municipal year, in light of the Covid-19 pandemic, the Children and Families Scrutiny Board had focused its attention on how the Council and its partners worked to support all children and their families during such an unprecedented and difficult period. This resulted in the Board's Inquiry work being temporarily paused.
- In October 2021, the Board revisited the terms of reference of its ongoing inquiry and agreed to recommence its evidence gathering work in November 2021. However, due to other competing work demands, a number of the planned evidence sessions had been deferred and since the Board's last evidence session, there have also been significant developments nationally which will impact on the Board's ongoing work.
- It was therefore agreed that a Statement would be produced and shared with the successor Scrutiny Board to summarise the progress made as part of this scrutiny inquiry and to give a brief overview of the preliminary findings stemming from the evidence to-date. Moving forward, the Statement also highlights a number of key considerations to help inform the next steps of the Scrutiny Board's work.

## Recommendations
