

Equality, Diversity, Cohesion and Integration (EDCI) screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being or has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

Decision to award a contract to Link Maker for Link Maker Adoption Matching Licence.

The web-based Link Maker matching service provides a national database of children and families accessible to adoption social workers and approved adopters. The system serves to increase placement choice for children awaiting adoption through creating access to a UK-wide pool of available adopters. The service includes registration to an online portal, which assists in finding prospective adopters for children and young people. This service is only available under licence. The provision of the Link Maker matching service assists OAWY in ensuring children and young people are matched with prospective adopters able to meet their needs in a timely way.

There is an existing licence with Link Maker for these services which is due to expire. No impact as no change resulting from this decision.

3. Relevance to equality, diversity, cohesion and integration

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, carers, disability, gender reassignment, race, religion or belief, sex, sexual orientation. Also those areas that impact on or relate to equality: tackling poverty and improving health and well-being.

- **Key findings**
(**think about** any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

- **Actions**
(**think about** how you will promote positive impact and remove/ reduce negative impact)
