

COUNCIL MEETING – 20th July 2022

NOTICE OF:	Reference No:	Date Received:	Date Forwarded:
White Paper Amendment	A1 to WP1	19/7/22	19/7/22

Submitted by:	Councillor Stewart Golton
Relevant Board/Regulatory Panel:	Executive Board
Executive Member/Chair:	Infrastructure & Climate
Relevant Director	Director of City Development

In the first paragraph insert the words ‘and pavements’ after ‘...city’s roads’

In the second paragraph delete everything (including bullet points) after ‘...as a priority.’

Retain the final paragraph and insert after ‘...highways maintenance’ the words ‘,residential parking capacity, and pedestrian accessibility’ and insert the words ‘and pavements’ after the words ‘...city’s roads’

The amended White Paper would then read as follows:

“This Council is concerned that the mean average highways maintenance backlog in the city is 19.8 years, pointing to significant under investment in the city’s roads and pavements by the current administration.

Council is further concerned that budget amendments to increase highways capital investment have been repeatedly ignored suggesting that the administration do not see highways investment as a priority.

This Council believes that Leeds residents see highways maintenance, residential parking capacity, and pedestrian accessibility as a major priority both in terms of road safety, amenity and to prevent damage to vehicles. Council therefore calls for a report to be brought to Executive Board setting out how highways maintenance will be prioritised and how much additional investment the Council will make in the city’s roads and pavements in the coming years.”
