

## Inner South Community Committee Facebook Page and COVID-19 Groups

Appendix 1

### Highlights

6<sup>th</sup> June 2022 – 19<sup>th</sup> August 2022

### Inner South Community Committee Facebook Page

The Facebook page for the Inner South Community Committee has continued to provide support, information, and access to multiple services. With regular updates, the number of followers and interactions has been reflected in the interaction of the local community. Since 6<sup>th</sup> June 2022 the Inner South Community Committee Facebook page has gained **13 new followers** since the last update, making a total of **1,645 followers** in total.

This means that this is the **second** most popular Community Committee page.

There are two things to note in general:

- 'reach' is the number of people the post was delivered to
- 'engagement' is the number of reactions, comments or shares

Engagement tends to be a better way of gauging if people are interested and have read the posts because they wouldn't have interacted with it otherwise. For example, a post might reach 1,000 people but if they all scroll past and don't read it, the engagement is 0 and it hasn't been an effective way for the Community Committee to communicate.

However, all posts can be read without any further interaction.

The **most popular post** since the 22<sup>nd</sup> July 2022 was the posting regarding *The Inner South Youth Service Summer Program*, this has:

- Been shared 29 times
- Reached a total of 7,785 people
- Received 27 likes

The following (below) are screenshots of the three most popular posts since the 11th April 2022. Alongside it is the figures for how many people were 'reached' and how many people 'engaged' with the post.
