### What is this report about?

#### Including how it contributes to the city's and council's ambitions

- Proposals for developing a strategy for stroke services in Leeds were considered by the Scrutiny Board in October 2021; and a further update was identified for inclusion on the 2022/23 draft work schedule for consideration by the successor Board.
- A joint update provided by the Integrated Care Board in Leeds, Leeds Teaching Hospitals NHS Trust and Leeds Community Healthcare is appended to this report for consideration by the Scrutiny Board.
- The update will provide greater awareness among Scrutiny Board members in relation to the overall development of a strategy for stroke services in Leeds, including:
  - General progress since the matter was last considered by the Scrutiny Board in October 2021, including progress against immediate priorities identified.
  - Specific patient and health inequality impacts arising from challenges in implementing and achieving the priorities within current services, including specific risks and mitigating actions.
  - The next steps and timeline – including plans for further engagement and/or consultation; and the associated decision-making arrangements.
- The details provided will assist the Board in determining what, if any, further scrutiny activity is required.

### Recommendations

Members are asked to consider the details presented in this report and the associated appendices and determine any specific further scrutiny activity.

## Why is the proposal being put forward?

1. Proposals for developing a strategy for stroke services in Leeds were considered by the Scrutiny Board in October 2021. At that meeting it was outlined a draft Stroke Strategy was expected to be available in April / May 2022.
2. In February 2022, Board members were advised of a 6-month delay for the production of the draft strategy (i.e. by the end of October 2022). Challenges arising from the continued COVID response, and specifically the Omicron variant, were identified as the cause of the delay. Some challenges in progressing the 2022/23 priorities were also referenced.
3. Upon receipt of an additional update in July 2022, stating a further 3-month delay was expected before a draft strategy would be available – i.e. January 2023, the Chair requested a general update be provided to the Scrutiny Board, detailing general progress since the matter was last considered by the Scrutiny Board in October 2021.
4. The Chair also requested that the update include and comment on those particularly challenging priorities referenced in the note from February 2022, along with the following details:
  - Patient and health inequality impacts arising from challenges in implementing and achieving the priorities within the existing strategy – including the number of patients impacted.
  - Risks and mitigating actions associated with the challenges in implementing and achieving the immediate priorities identified.
  - The next steps and timeline for developing a strategy for stroke services in Leeds – including plans for further engagement and/or consultation; and decision-making arrangements.
  - Any additional matters not that should be drawn to the attention of the Scrutiny Board.
5. A joint update provided by the Integrated Care Board in Leeds, Leeds Teaching Hospitals NHS Trust and Leeds Community Healthcare is appended to this report for consideration by the Scrutiny Board.
