

Resident Petition to Entertainment Licensing Leeds City Council

1. Your petition details

Petition Topic

We the undersigned residents of Roundhay & Harehills, Leeds, petition Entertainment Licensing Leeds City Council to refuse the application under section 17 of part 3 of the Licensing Act 2003 for the grant of a premises licence for the premises known as Shimla's, Leeds of 293 Roundhay Road, Leeds, LS8 4HS.

Who intend to conduct on or from the premises the following licensable activities:

- Playing of recorded music within the premises from 11.00 to 00.00, Monday to Sunday.
- Serving of late-night refreshments from 23:00 to 03:00 Monday to Saturday and 23:00 to 02:30 on Sunday.

At present the licensable hours of the above premises are 11:00 to 23:00.

We the residents of Roundhay & Harehills submit that if the above extended hours were allowed it would result in antisocial behaviour as defined within the council's website namely;

- Potential for abuse, intimidation and harassment of local residents
- Potential of threats or use of violence against local residents
- Potential of increase in drug and/or alcohol issues in the area
- Potential for hate crimes and/or incidents in the area
- Potential for prostitution
- Potential of vehicle related nuisance

We the residents of Roundhay & Harehills also submit that due to the location of the premises known as Shimla's 293 Roundhay Road, Leeds, LS8 4HS, namely that the same is located on a very busy highway with a well frequented Bus Stop lay by, just outside the entrance of the premises and no real parking around the premises, public safety late at night would be a serious concern, as no real parking (limited spaces behind the premises) and safe crossings are close to the premises, potential customers late at night would not have safe crossings to cross resulting in public safety issues.

The premises are located on a busy 6-way interjection with vehicles travelling in 6 directions, this interjection is notorious late at night, and many incidents involving cars and road users have occurred through the years, the extending of the licensing hours would only increase this risk to public safety.

We the residents have also noticed that since the opening of Shimla's there has been a considerable increase of traffic in and around the premises, resulting in the customers that frequent the premises, parking their vehicles illegally on pavements at the bus stop lay by, and inconsiderately in residents streets, this is clearly noticeable to anyone who frequents the area in the evening and puts the public at considerable risk, with the manner in which the vehicle are illegally parked.

We the residents would also like to take this opportunity to point out that Roundhay Road is a main artery road in Leeds and has a considerable number of licensed premises contained within a small area, most of these premises if not all are like Shimla's attached to highly condensed residential areas, most if not all of these premises have the same licencing hours as the applicant.

Therefore, if the applicant's application was to be allowed, it may potentially open the flood gates for all the premises in the area to apply for late licences, resulting in an increase in all the above objections raised.

On a final point we the residents would like to remind Entertainment Licensing, Leeds that the premises in question, when they initially opened mislead, customers frequenting the premises by advertising that they had licensing hours until the early hours, when in fact they were actually limited to hours stated namely 11:00 to 23:00, and that they operated out of these hours until enforcement action was taken by entertainment licensing, which has now resulted in this begrudging application.

<p>Your desired outcome</p>	<p>Petition The desired outcome would be that the application made by Rahat Javed to extend the licensable hours is refused and the present licensable hours of 11:00 to 23:00 hours to remain or to be reduced.</p>
