¹ Give title of Director with delegated responsibility for function to which decision relates.

² If the decision is key and has appeared on the list of forthcoming key decisions, the title of the decision should be the same as that used in the list

used in the list ³ Simply refer to supporting report where used as these matters have been set out in detail.

LBS has identified a need to maximise their strategy to engage several single trade based contractors to deliver glazing works to domestic and civic properties located within the City of Leeds.

The Council's procurement service and PACS commercial team have both been consulted, are all supportive of the proposals contained within this report and are all contributing towards preparation of the tender documents.

Brief details of any alternative options considered and rejected by the decision maker at the time of making the decision

- 1 The alternative option to approving this contract award, is to abort the procurement activity and rely on LBS' direct workforce for all glazing works in housing and civic properties. This is not recommended as a viable solution as LBS do not currently employ enough glazing operatives directly as part of their workforce and require external provision to support delivering any glazing works. Due to this, there will be a risk of high non-contract spend, and decreased quality and impact on delivery of service provision provided to tenants and customers/employees on behalf of housing and civic clients.
- 2 Consideration has been given to awarding all work to the lowest priced tender, however having a sole contractor for provision of this work would leave the authority at significant risk of not delivering the repair services should the selected organisation encounter financial instability or capacity issues. Awarding the contract to more than one contractor ensures there are contingency measures in place should we encounter a contractor failure.
