Good afternoon Elliott,

Thanks again for the reply, and your points are noted.

Good afternoon Emma / LCC ELS:

Please refer to the chain of emails below, sent between the premises licence holder and myself on behalf of West Yorkshire Police regarding this application, amounting to agreement on an amendment and the addition of a number of conditions.

I understand Elliott may have already forwarded something on to you already, however, I wish to formally sign off the involvement of West Yorkshire Police in this process, by saying if the amendment is made to the application and the agreed conditions are added to this premises licence if this application is successful, then West Yorkshire Police have no representations to make with regards to this premises licence variation.

For clarification then-

The agreed **amendment** to the application is to the hours premises are open to the public amended from Mon to Sat 1000-0600 & Sunday 1200-0600 as applied for, **to Mon to Sat 1000-0000 & Sunday 1200-0000.**

&

The **additional conditions** are to be worded as follows (all existing conditions are to remain intact as applied for by the premises licence holder)-

- *There will be a communication link in operation at the premises via radio to the police and other venues in the city centre. The communication link will be operated to the guidance provided and all instructions on use agreed. All reasonable police instructions provided via the link will be complied with, throughout the entire opening hours of the premises to the public until 0000 every day, and also for deliveries until 0600 every day.*

(To replace what is offered at section 16b of your application form, but Bacil radio is the current communication link used in conjunction with West Yorkshire Police).

- *Indoor licensable activities including the sale by retail of alcohol for consumption on the premises, will only take place Monday to Saturday 1000-2330 and Sunday 1200-2330.*
- *No outdoor licensable activities including the sale by retail of alcohol for consumption off the premises, will take place at all between these hours.*

- *The provision of late-night refreshment from 2300 off the premises, and the sale by retail of alcohol for consumption off the premises, will only take place between the hours of 2330-0600 every day.*
- *In addition, the sale by retail of alcohol for consumption off the premises between the hours of 2330-0600 every day, will only take place-*
 - a. *Where an accompanying order for food is also made,*
 - b. *In accordance with an on-line delivery service,*
 - c. *With no collections from the premises made available to customers using the on-line delivery service.*

- *The on-line delivery service will operate as follows and at all times between the hours of 2330-0600 every day-*
 - a. *There will be no access to these licensed premises by members of the public, except for those involved in the delivery of alcohol products which have been previously processed for despatch,*
 - b. *The premises licence holder / designated premises supervisor will adopt an age verification policy throughout the whole process of operation, so that at any time, if customers are unable to prove they are 18, then the supply of alcohol will be refused at the point of any ordering procedure or facility and also on delivery,*
 - c. *The Premises Licence Holder / designated premises supervisor will ensure that any delivery service engaged in the delivery of alcohol will operate a Challenge 21 proof of age scheme to be undertaken at the point of delivery to any customer.*
 - d. *In all cases,*
 - (i) *delivery will be made only to the address indicated on each respective order and no other, details of which will be retained by the premises licence holder / designated premises supervisor,*

- (ii) alcohol shall not be delivered to a person in a public place (e.g. a car park, a street corner, a bus stop, a public park etc.),*
- (iii) delivery will be refused to any person who is, or who appears to be under the influence of alcohol or drugs.*

Hoping this is to your satisfaction.

Best regards

Mr Bob Patterson

Hello Mr. Elliot,

Thanks for your email reply, which is perfectly clear and what I was expecting to be honest.

So, on the basis of your reply and your variation application itself, I would now ask you to-

1. consider the following **amendment** to your application, and also
2. agree to other **conditions** being added to your licence on the variation of it.

Firstly regards the **amendment**, and specifically the hours premises are open to the public, West Yorkshire Police would say these hours should be amended from Mon to Sat 1000-0600 & Sunday 1200-0600 as applied for, **to Mon to Sat 1000-0000 & Sunday 1200-0000**.

The reason being, at section 3 of your variation application form, you have said and I quote-

*Just to clarify from 12:00 am the Restaurant will close to the public and only open to customers using the uber eats and Deliveroo platforms. **(no collection option will be available to customers. Only delivery)**. We will be offering delivery from 12PM*

Therefore, if no collection is to be made available after 0000 (12:00am), then the premises does not need to be open to the public after 0000, but the delivery of products can still take place from the premises after 0000 until 0600.

On the basis of the details you have provided in your application, West Yorkshire Police would now ask you to consider amending it as suggested above and for the reasons given, by contacting Leeds City Council direct yourself.

Secondly, in relation to the **conditions** of your premises licence, you have clearly indicated, all the **existing conditions** of your licence are to be maintained (section 15 of the variation application form).

(Incidentally, the **existing** conditions in relation to CCTV require image retention for 31 days see condition 19 and not 30 days as you state in this variation application section 16c. By your indication to maintain ALL existing conditions 31 days will still apply therefore).

But, in light of your variation application, West Yorkshire Police would now ask you to agree to several **additional conditions** being added to your licence, relevant to the changes you propose and with a view to promoting the licensing objectives.

The **additional conditions** are to be worded as follows-

- *There will be a communication link in operation at the premises via radio to the police and other venues in the city centre. The communication link will be operated to the guidance provided and all instructions on use agreed. All reasonable police instructions provided via the link will be complied with, throughout the entire opening hours of the premises to the public until 0000 every day, and also for deliveries until 0600 every day.*

(To replace what is offered at section 16b of your application form, but Bacil radio is the current communication link used in conjunction with West Yorkshire Police).

- *Indoor licensable activities including the sale by retail of alcohol for consumption on the premises, will only take place Monday to Saturday 1000-2330 and Sunday 1200-2330.*
- *No outdoor licensable activities including the sale by retail of alcohol for consumption off the premises, will take place at all between the these hours.*
- *The provision of late-night refreshment from 2300 off the premises, and the sale by retail of alcohol for consumption off the premises, will only take place between the hours of 2330-0600 every day.*
- *In addition, the sale by retail of alcohol for consumption off the premises between the hours of 2330-0600 every day, will only take place-*
 - Where an accompanying order for food is also made,*
 - In accordance with an on-line delivery service,*
 - With no collections made available to customers from the premises using the on-line delivery service.*
- *The on-line delivery service will operate as follows and at all times between the hours of 2330-0600 every day-*
 - There will be no access to these licensed premises by members of the public, except for those involved in the delivery of alcohol products which have been previously processed for despatch,*
 - The premises licence holder / designated premises supervisor will adopt an age verification policy throughout the whole process of operation, so that at any time, if customers are unable to prove they are 18, then the supply of alcohol will be refused at the point of any ordering procedure or facility and also on delivery,*
 - The Premises Licence Holder / designated premises supervisor will ensure that any delivery service engaged in the delivery of alcohol will operate a Challenge 21 proof of age scheme to be undertaken at the point of delivery to any customer.*
 - In all cases,*

- (i) delivery will be made only to the address indicated on each respective order and no other, details of which will be retained by the premises licence holder / designated premises supervisor,*
- (ii) alcohol shall not be delivered to a person in a public place (e.g. a car park, a street corner, a bus stop, a public park etc.),*
- (iii) delivery will be refused to any person who is, or who appears to be under the influence of alcohol or drugs.*

If you agree to the amendment and the additional conditions, please reply to this email to that effect, and I shall then contact Leeds City Council to conclude the involvement of West Yorkshire Police in this process.

If there is anything at all you are unsure of before agreeing, please do not hesitate to contact me further.

I look forward to your reply in due course.

Best regards.

Hi Bob Patterson

Please find bellow your questions answered.

I intend to come back to you in due course, to agree a number of measures / conditions which will concentrate on the aims why you have made this variation application.

But, in the meantime, could you answer the question below please.

You describe your premises in this application-

- As a ☐licensed restaurant which sells food and drink☐ ☐ with food and drink in that order,

Tavernaki Bistro sells food and drinks as a restaurant. (YES)

- There is an existing condition on your current licence, which requires you to maintain 40 covers, which you do not intend to remove with this application,

With this application we don☐t need to intend to remove this as we will keep at our maximum sitting which is 40people.

- So, it would be fair to define that your premises are significantly ☐food led☐.

Our premises run as a restaurant serving soft drinks, alcohol beverages, and food. And also do deliveries with our current opening times.

Therefore, the question is-

On the basis of the above points, am I right to assume, that orders for the delivery of alcohol for consumption off the premises from 0000 to 0600 each day, will be accompanied by orders for food as well?

I can confirm that all orders will be accompanied buy food orders.

If you could reply and answer the question as soon as you can, I can then put together the measures / conditions which I will ask you to agree to.

I will await for your response and looking forward to implement your measures as well.

Kind Regards

N.Elliott
