## Brief summary

This report provides a summary of performance against the strategic priorities for the council and city and other performance areas relevant to the Infrastructure, Investment & Inclusive Growth Scrutiny Board and in line with the Best City Ambition. ([link here](#))

This report covers quarter 2 2022/23 Performance information (or latest available where quarter 2 data is not available).

Performance was previously reported to the Board in June 2022 (quarter 4 / year-end 2021/22).

## Recommendations

- a) Members are recommended to note the performance information contained in the Appendices to this report and the issues which have been highlighted and consider if they wish to undertake further scrutiny work to support improvement over the coming year in any of these areas.
- b) Members are asked to note that this is the first report presenting performance linked to the Three Pillars contained in the Best City Ambition. A new dashboard is being developed which will form the basis of future reports and the first iteration can be seen at Appendix 2. It is intended that we will present a version more tailored to this Board in due course. However, we would advise the Board that resources are currently directed towards the Energy Savings Taskforce and progression of the performance dashboards may be impacted by this. We will update the Board as appropriate.
