Equality, diversity, cohesion and integration screening – organisational change impacting on the workforce

As a public authority we need to ensure that all organisational change arrangements impacting on the workforce have given proper consideration to equality, diversity, cohesion and integration.

Equality and diversity will always have relevancy to organisational changes which impact on a diverse workforce. If you can demonstrate you have considered how your proposals impact on equality, diversity, cohesion and integration then you have already carried out an impact assessment.

A **screening** process is a short, sharp exercise, which completed at the earliest opportunity will help to determine:

- whether or not equality, diversity, cohesion and integration is being or has already been considered, and therefore
- whether or not it is necessary to carry out an impact assessment.

<p>If you can demonstrate that you've considered how your proposals impact on equality, diversity, cohesion and integration you have carried out an impact assessment.</p> <p>Please provide specific details for all three areas below (use the prompts for guidance).</p>
<p>How have you considered equality, diversity, cohesion and integration? (think about the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected).</p> <p>The Capital Receipts Programme is a live programme of continuously disposals of property which is surplus to the requirements of the Council and is no longer required to be held in the property portfolio. Much of the property being released is from estate optimisation. The disposal of released properties is not considered to have any specific equality, diversity, cohesion and integration impacts.</p>
<p>Key findings (think about any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another).</p> <p>There are none.</p>
<p>Actions (think about how you'll promote positive impact and remove or reduce negative impact) No actions are required.</p>
