	<p>A brief statement of the reasons for the decision (Include any significant financial, procurement, legal or equalities implications, having consulted with Finance, PACS, Legal, HR and Equality colleagues as appropriate)</p> <p>One.network is one of the leading industry products for displaying information on mapping directly from the Street Works Register or by uploading via the TM app. This has been used by Leeds City Council since 2013 and the TM App since 2016. A consortium of Yorkshire highway authorities purchases One.network which reduces the Council's annual subscription rate. Leeds City Council is the lead authority in the consortium and pays the full subscription costs for all consortium members and is then reimbursed by the members.</p>										
	<p>Brief details of any alternative options considered and rejected by the decision maker at the time of making the decision</p> <p>Currently there is no other competitor that provides the same functionality as One.network One.network is the recognised national portal for up to date road works information and is used by 95% of the 175 local highway authorities in England and Wales.
