

Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being or has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

Procurement and Commercial Services (PACS) advertised the tender on the Find a Tender Service in compliance with the Public Contracts Regulations 2015 and subsequent regulations enacted into UK law following the United Kingdom's departure from the European Union.

A number of Telecare products were specified in the framework. Suppliers were invited

to tender for the two Lots within the Framework. Lot 1 – Specified Telecare Equipment (framework goods) where appointed providers are ranked and awarded on a line by line basis and Lot 2 – Discount from Price List which allows the Council to procure additional and/or less commonly required telecare equipment that is not included as a framework item in Lot 1. Contractors who are awarded at least one item on Lot 1 are automatically be appointed to Lot 2.

- **Key findings** (think about any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)
