Hi,

I've been a resident on the Gateway complex for approaching 11 years now and was delighted to see that an application has been put in to reopen the bar under the hotel, albeit in slightly different form and with some additional restrictions on it.

It has been various bars over the years i've lived here and never seen or heard any issues springing directly from its use, I would say personally that it would also be a good thing for the hotel and the Nisa shop on the complex as a small amount of additional footfall may help them too.

As a site us long standing residents understand appreciate the benefits it can bring and can further add to the different facilities available on site which is a good thing as a resident in my eyes.

I hope this application is successful and would like to add my support to it.

Kind regards

[REDACTED]

I would like to write in support of the above application, I have lived at the this location for the last fifteen years.

The Gateway Bar as long been a major feature of the Gateway complex, off Crown Point Road and doesn't suffer with excess noise or disruption.

It's a great place for people to meet up whether visiting people who live in the apartments or visiting or working at the commercial units on site. It also serves as a lunchtime break centre for service staff working at the development, of which there are often many daily.

It's a great place for residents to meet up and socialise and I have personally missed it not being open over the last couple of years.

To whom this may concern,

I am emailing today regarding the grant of an alcohol license to the following premises:
PREM/05170/001 - Unit 2B The Gateway, North Crown Point Road, Hunslet, Leeds.

Unfortunately, I was not working from the opposite office when the unit was previously populated. However, I would like to express my support of the unit being populated again.

I feel that a bar would allow those finishing work nearby to get together and socialise for some post-work drinks. Furthermore, I feel it would be a nice use of the space for those in the surrounding apartments, as a change of scenery, and a place where they can also go to socialise. Finally, assuming the space will not only be used as a bar, but it also presents another option close-by for grabbing snacks or a quick lunch. It introduces the ability to enjoy the space as not only a space to collaborate and work, but also to socialise and connect with others.

In my opinion, your support in granting the alcohol license would enable The Gateway to become a much livelier space, by allowing this unit to flourish. As of present, it is a site for sore eyes, and a bar would very much reform the space.

Kind Regards
