NOTES

- 1. Numbers funded through the funding formula in reception to yr 11 (including pupils in resourced units as at October 2022 census).
- 2. Formula funding allocations before adjustments for de-delegation and education services.
- 3. The cap on gains cannot apply to any school classified as new & growing i.e. a school that opened in the past 7 years and has not reached its full number of year groups
- 4. The cap on gains cannot reduce the post minimum funding guarantee (MFG) budget below the minimum funding level (MFL) per pupil.
- 5. There is an increase in pupil-led funding for all schools. However as we have accounted for any changes to business rates in the total funding allocation for 2023/24 and some schools received one-off business rates funding adjustments in 2023/24, this may affect the overall comparison between 2023/24 and 2024/25.
- 6. The school level figures published by the DfE will differ from the council's calculations as: a) the DfE has calculated school-level figures on a different basis to the provisional funding for the local authority and b) local factors such as changes in business rates affect the distribution of funding across schools.
- 7. A Growth Fund will be established for 2024/25, however this is not currently shown in the 2024/25 figures as the ESFA has not yet advised how much growth funding local authorities will receive.
- 8. The formula funding currently includes an allocation for business rates however these may be paid directly by the ESFA and taken from the funding formula for the school we have yet to confirm the process that will be used in 2024/25.
