31 Open Forum / Community Forums

On this occasion there were no members of the public in attendance who wished to speak.

32 Minutes - 5th September 2023

RESOLVED – That the minutes of the meeting held on 5th September 2023, be approved as a correct record.

33 Inner West Community Committee Update Report

The report of the Head of Locality Partnerships provided an update to the Community Committee on the work undertaken by the Locality Team on the priorities set out by the Community Committee.

Updates were provided by the Community Committee Champions on the work of the sub-groups:

Children and Families

Cllrs Gruen and Bithell explained to the Committee that they would like to change the way the sub-group work to create more outcomes by requesting work items from the Committee. It was the view that in previous years the sub-group had worked well in networking meetings and although, discussions were taking place they were not having the desired impact on the lives of the young people that were expected in terms of actions. The sub-group wished to see more positive actions from the meetings. The Community Committee review makes use of the sub-groups for best practice. The following proposals for work to be undertaken by the sub-group were provided by the Members:

- Look at housing and how it impacts on the lives of children's education.
- Changes to the priority award system, with special weight and a speeding up of the process. It was noted that there was already an issue with Band A as you could not be deemed homeless if living in an overcrowded property. It is known that some children are currently 'sofa surfing' and this would have a detrimental effect on their education and health.
- Bus services for young people, and the local provision, as this is the primary mode of transport for young people.
- It was noted that Bramley and Stanningley Ward has the most visits to Accident and Emergency for children with respiratory conditions and this needed to be addressed. It was the view that this should be looked at in conjunction with work taking place in the Environment sub-group looking at air pollution in the Inner West area.

Environment

Cllr Rontree informed the Committee that the sub-group had a good briefing from the Cleaner Neighbourhoods Team. They were advised that in the New Year bin routes would be changing to suit the current needs of the city. It was noted that green and black bins would be collected alternate weeks in future.

Health and Wellbeing

Cllr Ritchie said that he would be willing to link into the work with Children and Young People sub-group on respiratory issues.

He said that the vaccine program was ongoing.

He informed the Committee about the Community Mental Health Programme which was becoming a single point access. This would ease access to the different services so that people could be directed to the most appropriate service for their care.

The Bramley, Wortley and Middleton Care Partnership and the West Leeds Care Partnership had been looking at childhood obesity and providing cooking classes. They had also been looking at the cost of living crisis and the effects on people's health. They were providing signposts to services and schemes to support them. He said that he would send Members the newsletter.

Cllr Andy Parnham updated the Committee on the work taking place at the New Wortley Community Centre where £600 pounds had been used to provide slow cookers for families in most need of support. He also said that 2 support workers had been funded to assist the current support worker and this was working well.

The Neighbourhood Improvement Team along with Cllr Harland the Executive Member for Communities had visited Armley Town Street and the Armley Hub. It had been underlined that the area should not have cuts to funding and services. He said that it had been good to welcome senior officers and let them what assistance Armley needed.

Cllr McKenna advised the Members of a scheme at the New Wortley Community Centre to provide the most vulnerable families with hampers which also included fuel vouchers. He asked Members for any support that they could give for this scheme.

Community Safety

Cllr Hinchcliffe informed the Committee of a scheme being undertaken by West Yorkshire Police for 'No Cold Calling Zones'. It was noted that this is a free service and it easy to set up. Cllr Hinchcliffe said anyone wishing to set up this scheme should contact him via email.

It was noted that Burnsall Croft were having issues with anti-social behaviour.

Cllr Gruen said the Children's Summit had gone well and thanked the Locality Officer for his support on the day.

The Committee acknowledged the tragic accident which had happened in Armley the day before. It was noted that this was the second tragic accident on this stretch of road this year. Both accidents had involved the demolition of bus stops and deaths of people waiting at the bus stops. It was suggested that West Yorkshire Combined Authority (WYCA) be invited to attend a meeting.

It was noted that the Armley Ward Councillors had contacted senior officers in the Council and Alison Lowe, WYCA Deputy Mayor for Policing and Crime, in relation to their concerns on this stretch road. It was recognised that after the

first accident Ward Councillors had been told that speed cameras would be put on this stretch of road by the end of summer. Ward Councillors had been advised that cameras would not now be installed until the end of the financial year. It was suggested that a letter be sent from the Chair and the Community Committee to WYCA and Highways of the issues on Stanningley Road.

Cllr Venner joined the meeting at 6.35 at the end of this item.

34 Best City Ambition - Refresh

The report of the Head of Policy provided the Community Committee with an update on the Best City Ambition refresh, and to gather input from Elected Members and residents.

At the Community Committee a presentation was given.

The Community Committee were provided with the following information:

- The Best City Ambition is the overall vision for Leeds and how the Council plans to tackle poverty and inequality.
- The Best City Ambition brings together the different strategies and priorities for the city, to assist the Council to achieve its ambition and provide clarity about what it is doing and how it is proposing to do it.
- The Best City Ambition is set around 3 pillars:
 - Health and Wellbeing
 - Inclusivity and growth
 - Zero Carbon
- The Best City Ambition was introduced in 2022. It was decided to refresh the Best City Ambition in line with new strategies for Inclusive Growth and Health and Wellbeing. It also takes account of comments provided by the LGA Peer Review, which said that the approach of the Council was good. It was their view that the Team Leeds approach which sees everyone coming together to play their part, alongside other partners and agencies was working well.
- The refresh of the Best City Ambition is due to be put before Executive Board in December and to full Council in February 2024.

The Committee were provided with data for the Inner West area. It was noted that some of the data may be out of date as it was mostly taken from the 2021 Census and at a time when the country was just coming out of lockdown after the pandemic. The data showed that the Inner West area had a high density of population compared with the rest of the city. It was also noticeable that there had been a change in how people work, with an increase of people working from home.

The Best City Ambition uses a number of tools including the Social Progress Index (SPI), a tool which will deliver ward-based insights on a wide range of data points. The SPI has been developed by the global non-profit Social Progress Initiative. Members were offered a general briefing in relation to the

SPI, and if they wanted to take up this offer, they should contact the presenting officer.

The Members were very interested in the data provided at the meeting, were advised that the data was publicly available to access on the LCC website. It was noted that the data feeds into policy, so the Council knows where there is most need in the city.

Members recalled that it had been former councillor Paul Truswell who had been Chair of the Infrastructure, Investment and Inclusive Growth Scrutiny Board, who had requested a tool to capture inclusive growth.

The Committee Members requested further data at a ward level.

RESOLVED – To note the content of the report and the presentation.

Cllr Bithell left the meeting at 7pm at the conclusion of this item.

35 Inner West Community Committee Finance Report

The report of the Head of Locality Partnerships updated the Inner West Community Committee on the budget position for the Wellbeing Fund, Youth Activity Fund, Capital Budget and the Community Infrastructure Levy Budget (CIL) for 2023/24.

The Locality Officer presented the report and provided the following information:

- The Wellbeing Fund currently has a remaining balance of £19,621.07. Table 1 of the submitted report showed a full breakdown of projects.
- Members were asked to consider a project for a Speed Indication Device on Raynville Road, Bramley, submitted by LCC Highways for £3,500.00 from the Capital Budget.
- Since the last meeting on 5th September 2023 the following projects had been considered and approved:
 - Wellington Gardens Burglary – WYP - £1,100.00
 - Armley Basketball Project – WNW Youth Service - £875.00
 - Ministry of Boxing at Armley Leisure Centre – Armley Leisure Centre - £1,310.00
 - Kepstorn Close Parking Bays – LCC Highways - £25,984.80
 - Bramley Festive Light Switch on – LCC Breeze - £3,700.00
 - Armley Festive Lights Switch on – LCC Breeze - £6,468.12
- It was noted that no projects had been declined.
- Monitoring information was provided at Paragraph 24 of the submitted report.
- The remaining balance of the Youth Activity Fund is currently £18,019.87. Table 2 of the submitted report provided a breakdown of projects supported.
- Table 3 presented a breakdown of Small Grants and Table 4 showed the skips provided to date.

- The Capital Budget currently has £9,858.84 available to spend. Table 5 summarised the capital allocation.
- The Community Infrastructure Levy budget has £69,498.13 available to spend. Table 6 showed the projects funded to date.

Members discussions included:

- Cllr Ritchie explained that the old tennis courts at Stanningley Park needed resurfacing. He said that the courts had not been used for tennis for a few years, and the area was currently used as a Multi-Use Games Area (MUGA), but the surface was now degrading. Cllr Ritchie informed the Members that £5,000 had been secured through S106 money, the area had recently received a Capital boost of £13,000. However, he was requesting that Members support an application from Bramley and Stanningley to use £36,000 of the CIL Budget towards this project.
- Cllr McKenna also requested Members support for an application to use £1,000 of the CIL Budget to replace a wall at New Wortley Cemetery which had been demolished by a lorry.
- Members requested information on an outdoor summer cinema which the Committee had helped fund. The Locality Officer is to make enquiries about this and report back.
- Cllr Parnham at this point in the meeting declared a non-pecuniary interest as a member of the Armley Common Rights Trust. He informed the Committee that the Trust required a new ride on mower as the one they were using was no longer working properly and had already had a number of repairs. He advised the Committee that the cost for a new ride on mower would be £4,500. The Armley Ward Councillors requested an email setting out the proposal for consideration.

RESOLVED – To note:

- a. Details of the Wellbeing Budget position (Table 1)
- b. Wellbeing proposals for consideration and approval (paragraph 21)
 - Raynville Road SID requested by LCC Highways for £3,500 from Capital was approved.
- c. Details of the projects approved via Delegated Decision (paragraph 23)
- d. Monitoring information of its funded projects (paragraph 27)
- e. Details of the Youth Activities Fund (YAF) position (Table 2)
- f. Details of the Small Grants & Skips Budget (Tables 3 & 4)
- g. Details of the Capital Budget (Table 5)
- h. Details of the Community Infrastructure Levy Budget (Table 6)

36 Date and Time of Next Meeting

RESOLVED – To note the next meeting would on 12th March 2024 at 6pm. The meeting will take place in the Bramley/ Stanningley Ward, and the venue will be confirmed nearer to the date.

The meeting concluded at 19:10
