

# Equality, Diversity, Cohesion and Integration (EDCI) screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions. Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being or has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

<b>Directorate: City Development</b>	<b>Service area: Traffic Engineering</b>
<b>Lead person: Chris Way</b>	<b>Contact number: 0113 37 87493</b>

<b>1. Title: City Square Traffic Regulation Orders</b>		
Is this a:		
<input type="checkbox"/> <b>Strategy / Policy</b>	<input type="checkbox"/> <b>Service / Function</b>	<input checked="" type="checkbox"/> <b>Other</b>
<b>If other, please specify</b>		
Traffic regulation order advertisement		

<b>2. Please provide a brief description of what you are screening</b>
In March 2020 Leeds City Council’s Executive Board approved the adoption of the Our Spaces strategy, which included a proposal to close City Square to through traffic. A number of reports relating to the City Square closure have been approved since, including a report to the Chief Officer (Highways & Transportation) in April 2022 which obtained approval to advertise and make traffic regulation orders facilitating and managing the closure.
During delivery of the City Square project and some of the ancillary works it has become

apparent that there are additional benefits to be obtained through a further package of supporting traffic regulation orders, primarily relating to prohibited movements and loading restrictions.

### 3. Relevance to equality, diversity, cohesion and integration

All the council's strategies and policies, service and functions affect service users, employees or the wider community – city wide or more local. These will also have a greater or lesser relevance to equality, diversity, cohesion and integration.

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, carers, disability, gender reassignment, race, religion or belief, sex, sexual orientation. Also those areas that impact on or relate to equality: tackling poverty and improving health and well-being.

Questions	Yes	No
Is there an existing or likely differential impact for the different equality characteristics?	X	
Have there been or likely to be any public concerns about the policy or proposal?	X	
Could the proposal affect how our services, commissioning or procurement activities are organised, provided, located and by whom?		X
Could the proposal affect our workforce or employment practices?		X
Does the proposal involve or will it have an impact on <ul style="list-style-type: none"> <li>• Eliminating unlawful discrimination, victimisation and harassment</li> <li>• Advancing equality of opportunity</li> <li>• Fostering good relations</li> </ul>		X

If you have answered **no** to the questions above please complete **sections 6 and 7**

If you have answered **yes** to any of the above and;

- Believe you have already considered the impact on equality, diversity, cohesion and integration within your proposal please go to **section 4**.
- Are not already considering the impact on equality, diversity, cohesion and integration within your proposal please go to **section 5**.

#### 4. Considering the impact on equality, diversity, cohesion and integration

If you can demonstrate you have considered how your proposals impact on equality, diversity, cohesion and integration you have carried out an impact assessment.

Please provide specific details for all three areas below (use the prompts for guidance).

- **How have you considered equality, diversity, cohesion and integration?** (think about the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected)

The closure of City Square could affect users with mobility impairments; the supporting TROs in this report have the potential to benefit these by catering for specific user needs.

- **Key findings** (think about any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

The package of restrictions supports the closure of City Square which reduces the impact of traffic on pedestrians particularly those with mobility issues. The proposal includes dedicated disabled parking which offers specific EDCI improvements.

- **Actions** (think about how you will promote positive impact and remove/ reduce negative impact)

Dedicated disabled parking enables those with mobility issues to access City Square and the surrounding facilities. Removing and regulating through traffic reduces the negative impact of high volumes of traffic on the mobility and visually impaired.

5. If you are **not** already considering the impact on equality, diversity, cohesion and integration you **will need to carry out an impact assessment**.

Date to scope and plan your impact assessment:	
Date to complete your impact assessment	

Lead person for your impact assessment (Include name and job title)
