Highlights

14th November 2023 – 12th February 2024

Inner South Community Committee Facebook Page

The Facebook page for the Inner South Community Committee has continued to provide support, information, and access to multiple services. With regular updates, the number of followers and interactions has been reflected in the interaction of the local community. Since 14th November 2023 the Inner South Community Committee Facebook page has gained **3 new followers**, making a total of **1,879 followers** in total.

This means that this is the **second** most popular Community Committee page.

There are two things to note in general:

- 'reach' is the number of people the post was delivered to
- 'engagement' is the number of reactions, comments or shares

Engagement tends to be a better way of gauging if people are interested and have read the posts because they wouldn't have interacted with it otherwise. For example, a post might reach 1,000 people but if they all scroll past and don't read it, the engagement is 0 and it hasn't been an effective way for the Community Committee to communicate.

However, all posts can be read without any further interaction.

The **most popular post** since the 11th August 2023 was the posting regarding *The Safer Stronger Communities Team Leaflet Drop*

- Reached a total of 2,837 people
- Received 21 likes, comments and shares

The following (below) are screenshots of the three most popular posts since the 14th November 2023. Alongside it is the figures for how many people were 'reached' and how many people 'engaged' with the post.
