

Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions. Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

2. Please provide a brief description of what you are screening

The council Housing Growth Programme is currently working towards a challenging target to deliver 1,230 new Council homes across the city by March 2025.

This is being achieved through a combination of building new council homes and acquiring existing properties which are refurbished under the Property Acquisitions Programme. The properties being acquired are predominantly former council homes which were bought under the Right To Buy regime, including those of which the statutory Right of First Refusal regulations apply.

The council commenced work on this new 'buyback' project in late 2018 and is now ready to progress further re-purchases. Once refurbished, these properties will be reintroduced to council housing stock to be let to council tenants.

Acquisition of these new council homes directly contribute to delivering the Leeds Best City Ambition pillars of Health & Wellbeing and Zero Carbon by:

- Providing housing of the right quality, type, tenure and affordability in the right places.
- Minimising homelessness through a greater focus on prevention.
- Addressing the challenges of housing quality and affordability, tackling fuel poverty and creating vibrant places where residents have close access to services and amenities.

3. Relevance to equality, diversity, cohesion and integration

All the council's strategies/policies, services/functions affect service users, employees or the wider community – city wide or more local. These will also have a greater/lesser relevance to equality, diversity, cohesion and integration.

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, carers, disability, gender reassignment, race, religion or belief, sex, sexual orientation. Also, those areas that impact on or relate to equality: tackling poverty and improving health and well-being.

4. Considering the impact on equality, diversity, cohesion and integration

If you can demonstrate you have considered how your proposals impact on equality, diversity, cohesion and integration you have carried out an impact assessment.

Please provide specific details for all three areas below (use the prompts for guidance).

How have you considered equality, diversity, cohesion and integration?

(think about the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected)

Key findings

(think about any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

Actions

(think about how you will promote positive impact and remove/ reduce negative impact)
