FACEBOOK highlights

20th May 2024 – 6th August 2024

<https://www.facebook.com/LCCOuterWest>

The Facebook page for the Outer West Community Committee has continued to provide support, information, and access to multiple services. With regular updates, the number of followers and interactions has been reflected in the interaction of the local community. Since 20th May the Outer West Community Committee Facebook page has:

- Further increased the total number of page followers to **1,505**
- Held a position as the **4th** most popular Community Committee Facebook page across Leeds

Definitions:

- **'reach'** is the number of people the post was delivered to
- **'engagement'** is the number of reactions, comments, or shares

Engagement tends to be a better way of gauging if people are interested and have read the posts because they wouldn't have interacted with it otherwise. For example, a post might reach 1,000 people but if they all scroll past and don't read it, the engagement is 0 and it hasn't been an effective way for the Community Committee to communicate.

Having said that, many posts can be read without any further interaction!
