

Equality, Diversity, Cohesion and Integration (EDCI) screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions. Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being or has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

2. Please provide a brief description of what you are screening

This screening relates to the expenditure of grant funding from the Office of Health Improvement and Disparities to fund specialist support for individuals to access and engage with drug and alcohol treatment and move towards longer-term accommodation, supporting the work of wider homelessness and rough sleeping funding.

Leeds City Council has a contract with Humankind Support Services Limited to deliver the Integrated Drug & Alcohol Service (61854). In previous years the grant has been included in this contract to establish a dedicated team including street-based recovery co-ordinators, outreach activity, psychological support, specialist therapeutic outreach workers and a ring-fenced budget for in-patient detoxification and / or residential

rehabilitation. Therefore, approval is being sought to change the contract value to include an additional £756,327 for the period of 1st April 2024 to 31st March 2025 to continue this activity.

Please provide specific details for all three areas below (use the prompts for guidance).

- **How have you considered equality, diversity, cohesion and integration?**

(**think about** the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected)

- **Key findings**

(**think about** any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

- **Actions**

(**think about** how you will promote positive impact and remove/ reduce negative impact)
