However, we are of the opinion that the licensing objectives could be met should the applicant be prepared to incorporate certain identified measures within their operating schedule as additional conditions.

Please find enclosed a document which at **Part 1** contains the suggested measures which this authority considers are proportionate and appropriate to the nature of the application.

Should the applicant agree with the suggested measures then they should signify this by completing and signing **Part 2** of the enclosed form and return the complete document to this office as soon as possible via email.

Upon receipt of their consent at **Part 2**, it will be taken that the applicant signifies their wishes for the licensing authority to amend their operating schedule to incorporate the proposed measures as conditions.

Alternatively, should the applicant disagree with the proposed measures, then they should complete **Part 3** and again return the complete document to this office as soon as possible.
