To whom it may concern:

I'm writing in response for the current license request from Chicken Stop 92 Queens Road, Leeds, LS6 1HU.

I oppose the request to extend timings to open late night and remove the alcohol license.

The reasons I oppose this are as follows:

I'm currently living [REDACTED]

The shop has previously been opening late night sometimes to 5am.

The customers mainly drunk students are always disturbing me at night.

I have had many incidents were students are signing loudly and been quite boisterous next to my flat after visiting the shop.

They have been times where they have actually been urinating in my [REDACTED]

There have been loud arguments and fights. Bottles been smashed on the road.

The cars coming and going in the streets, mostly customers and delivery drivers blasting loud music, doors slamming etc.

I have always questioned the fact that how a shop can be opened so late next to residential houses especially the fact it's joint to a house also, didn't really think it should have been given hot food planning in the first place, that's if it actually has it as I have noticed a lot of shops have been opening with out proper planning in the area.

It will have a detrimental affect on the residents who actually need sleep at night if it was to be allowed to be opened after 11pm legally, as since it has been opening so late without a license and we have experienced what happens to allow it would not be fair on residents.

I hope you consider my comments. I can provide my details on request as long as you do not share them with the owners as I don't want to be targeted for opposing the request.

Thankyou,
