## **Inner North East Community Committee - Finance Report**

---

### **Purpose of report**

1. This report provides the Community Committee with an update on the budget position for the Wellbeing Fund, Youth Activity Fund as well as the CRIS and Community Infrastructure Levy Budget for 2024/25.

### **Main issues**

2. Each Community Committee has been allocated a wellbeing budget (revenue and capital) and Youth Activities Fund which it is responsible for administering. The aim of these budgets is to support the social, economic and environmental wellbeing of the area and provide a range of activities for children and young people, by using the funding to support projects that contribute towards the delivery of local priorities.
3. A group applying to the Wellbeing Fund must fulfil various eligibility criteria, including evidencing appropriate management arrangements and financial controls are in place; have relevant policies to comply with legislation and best practice e.g., safeguarding and equal opportunities and be unable to cover the costs of the project from other funds.
4. Wellbeing funding cannot be paid retrospectively. An application form must be submitted and approved by the Community Committee before activities or items being purchased through wellbeing funding are completed or purchased.

5. The amount of wellbeing funding provided to each committee is calculated using a formula agreed by Council, taking into consideration both population and deprivation of an area.
6. Capital (CRIS) injections are provided as a result of council assets being sold. 5% of the sale price (up to a maximum of £100k) of a council asset is pooled city-wide and redistributed to the Community Committee areas on the basis of deprivation. The Community Committee will receive a new capital injection every 6 months.
7. Each Community Committee has also been allocated a Community Infrastructure Levy budget. For each CIL contribution, Leeds City Council retains up to 70-80% centrally, 5% is needed for administration and 15-25% goes to be spent locally. The money will be vested with the local Town or Parish Council if applicable, or with the local Community Committee and spend decided upon by that body. This local money is known as the 'Neighbourhood Fund' and should be spent on similar projects to the Wellbeing Fund (capital).
8. In the Inner North East Community Committee this means that the money for Chapel Allerton, Roundhay and Moortown will be administered by the Inner North East Community Committee.
9. It was agreed at the Inner North East Community Committee March 2018 that CIL monies for Chapel Allerton, Roundhay and Moortown would be spent in the Community Committee ward that it was generated in. At the INE Finance Sub Group meeting on 9 July 2020 it was agreed that decisions for CIL needs to be agreed at the relevant ward meeting or by contacting the 3 Ward Councillors. The exception is if the funding is over £25k it needs to be agreed at INE Finance Sub Group and ratified at INE Community Committee meeting.
10. Projects eligible for funding by the Community Committee could be community events; environmental improvements; crime prevention initiatives, or opportunities for sport and healthy activities for all ages. In line with the Equality Act 2010, projects funded at public expense should provide services to citizens irrespective of their age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, and sexual orientation; the fund cannot be used to support an organisation's regular business running costs; it cannot fund projects promoting political or religious viewpoints to the exclusion of others; projects must represent good value for money and follow Leeds City Council Financial Regulations and the Council's Spending Money Wisely policy; applications should provide, where possible, three quotes for any works planned and demonstrate how the cost of the project is relative to the scale of beneficiaries; the fund cannot support projects which directly result in the business interests of any members of the organisation making a profit.
11. Any request for funding would involve discussions with appropriate ward members. Where projects do not have support from the Community Committee and are not approved, applicants are offered further discussions and feedback if this is requested.

12. In order to provide further assurance and transparency of all decisions made by the Community Committee, any projects that are not approved will be reported to a subsequent Community Committee meeting.
13. Sometimes urgent decisions may need to be made in between formal Community Committee meetings regarding the administration of wellbeing and youth activity budgets and regarding the use of the Community Infrastructure Levy (CIL) Neighbourhood Fund which has been allocated to the Community Committee. Alongside the Committee, designated officers have delegated authority from the Director of Communities and Environment to take such decisions.
14. The Community Committee has previously approved the following 'minimum conditions' in order to reassure Members that all delegated decisions would be taken within an appropriate governance framework, with appropriate Member consultation and only when the following 'minimum conditions' have been satisfied:
  - a. consultation must be undertaken with all committee/relevant ward members prior to a delegated decision being taken.
  - b. a delegated decision must have support from a majority of the Community Committee elected members represented on the committee (or in the case of funds delegated by a Community Committee to individual wards, a majority of the ward councillors).
  - c. Details of any decisions taken under such delegated authority will be reported to the next available Community Committee meeting for members' information.
15. Members are reminded that the necessary scrutiny of applications to satisfy our own processes, financial regulations and audit requires the deadline for receipt of completed applications to be at least five weeks prior to any Community Committee. Some applications will be approved via Delegated Decision Notice (DDN) following consultation with Members outside of the Community Committee meeting cycle.
16. Wellbeing Fund applications and Youth Activity Fund applications are considered at Finance and Policy Sub Group meetings, a sub group of the Community Committee. This group comprises a nominated Elected Member from each of the wards in the Inner North East Community Committee; Chapel Allerton, Moortown and Roundhay. The sub group makes the recommendations to award funding for projects which is then ratified by the Inner North East Community Committee.
17. Members are asked to review the minimum conditions as set out in **paragraph 14** of this report, consider whether any amendments are required and approve such conditions for operation in 2024/2025. These conditions would need to be satisfied prior to an urgent delegated decision being taken in between formal Community Committee meetings in respect of the administration of Wellbeing and Youth Activity budgets and also the use of the CIL Neighbourhood Fund which has been allocated to the Committee.

18. The Inner North East Community Committee Finance Sub Group would like to make Members aware that in future years there may be a decrease in funds allocated to the ward pot funding due to the reduction in Wellbeing Budget over the last 5 years.
19. Until the UK left the European Union, the EU's State Aid rules controlled how UK and discretionary EU funding was provided to enterprises and entities that engage in economic activities. Now the UK has left the EU, it is no longer bound by the State Aid rules and has developed its own domestic subsidy control regime, The Subsidy Control Act 2022. As the Subsidy Control Act 2022 has potential implications for the Community Committees as funding bodies, a 'subsidy control' assessment will be undertaken on all funding requests received by the Community Committees.

### Wellbeing Budget Position 2024/25

20. The total revenue budget approved by Executive Board for 2024/25 was **£63,230.00** **Table 1** shows a carry forward figure of **£84,875.05** which includes underspends from projects completed in 2023/24. **£38,866.61** represents wellbeing allocated to projects in 2023/24 and not yet completed. The total revenue funding available to the Community Committee for 2024/25 is therefore **£109,238.44**. A full breakdown of the projects approved or ring-fenced is available on request.
21. Community Committee is asked to note that, at the time of writing the report, there is currently a remaining balance of **£34,940.99**
22. It is possible that some of the projects may not use their allocated spend. This could be for several reasons, including the project no longer going ahead, the project not taking place within the dates specified in the funding agreement, or failure to submit monitoring reports. Due to this the final revenue balance may be greater than the amount specified in Table 1.
23. A full breakdown of the projects is listed in Table 1 and is available on request.

During the period 1st May 2025 -31st March 2026, we aim to deliver 25 community-based performance and participatory Irish arts and cultural workshops and events – working in collaboration with a wide range of local groups, venues, and voluntary organisations in the Inner North East (INE) area.

The project will involve working in collaboration with several community venues and locally based groups including for example: Northlight Arts in Potternewton, Meanwood Valley Partnership, Meanwood Community Festival, Meanwood Valley Urban Farm, Seven Arts in Chapel Allerton, local libraries and local schools such as St Urban's Primary and Pennyfields Specialist Inclusive Learning Centre (SILC) in Meanwood where performance and participatory workshops, events, and community activities will be locally delivered

This will include local area workshops, events, and community activities during our established high-profile community-based project 'Irish History Month' - to raise awareness of invisible and hidden stories and history of the Irish in Leeds. Irish History Month coincides with the month of March in which St Patrick's Day is internationally celebrated and raises awareness of the Irish diaspora in Leeds.

New for 2025-2026 is anticipated activity working on our developing idea 'Side by Side: The Windrush Generation and The Remittance Generation'. Still very much in development, we are planning to explore, record and share the similarities in experiences of these West Indian and Irish migrant generations, both of which settled in the Chapeltown and Potternewton areas of Leeds during the 1950s and 60s.
