Guidance about this document

1. The Licensing Authority recommends that you complete this specially designed pro forma risk assessment to help you decide what should be entered in your operating schedule (page 12 of the application form CLUB3) to show how you will promote the four licensing objectives.
2. Whilst the Licensing Authority cannot insist you use this document it takes the view that it assists responsible authorities in assessing the operating schedule, promotes discussions and partnership working and will reduce the number of representations and hearings.
3. If you do not use this risk assessment pro forma then you will need to demonstrate how you will meet the licensing objectives by providing other supporting evidence via your operating schedule.

How to use this document

1. This document has four sections which correspond with the four licensing objectives. In each section you will find information on potential control measures (each with an individual code) which we suggest may help you meet the four licensing objectives.
2. Run through the questions in the grey sections and consider the potential control measures listed in the columns beneath.
3. If you are happy to volunteer the control measures as conditions on your licence place a tick in the relevant box in the right hand column. You can then enter the corresponding codes in page 12 of your application form in the boxes which match up with the licensing objectives or simply write "see pro forma risk assessment". These measures will then appear as conditions on your varied certificate.

Dear Mrs White,

I am writing as regards the application from Oulton + Woodlesford Social Club to gain permission to play live music etc from 6 - 11 pm (Mon - Sat) and 6 - 10.30 pm (Sun).

I have no objection to them having music within their club house during those times, but since extending their car park it seems as though they think they can continue outside. It can get very noisy with the cars coming + going and the people who come outside to smoke. Their club house and car park are directly at the bottom of our garden.

Yours faithfully
Mrs M Boyes

Dear Sirs

OULTON AND WOODLESFORD SPORTS AND SOCIAL CLUB – APPLICATION TO VARY CLUB PREMISES CERTIFICATE TO PLAY LIVE MUSIC OR ANYTHING SIMILAR

I am dismayed to see the submission of the above mentioned application and must object in the strongest possible terms. The club have a long history of ignoring any controls over their activities. You should speak to your Planning Department, Asset Management Section and Parks and Countryside for evidence of this. Because of this history I do not believe that the club will behave responsibly when 'live music is played or anything similar'. The fact that the description of their application includes the words 'anything similar' fills me with dread. 'Anything similar' could mean just that 'anything'. Residents have previously had to suffer outdoor 'Karaoke' sessions where amplified music was played.

The club exercise no control over persons leaving the premises late at night and have not even had the decency to erect signs asking members to respect their neighbours. People regularly leave late at night shouting and swearing and any intensification of the use caused as a result of this application can only add to this existing nuisance.

Already loud amplified recorded music is emitted from the building on occasion which can be heard in the house with all the windows shut (presumably without the benefit of a licence?). The building is simply not suited for the playing of amplified music within it whether recorded or live without disturbing surrounding residents. The building is located too close to residential properties and the operators of the premises habitually open the fire doors when such music is being played because it is not adequately ventilated. I am aware that there have been recent complaints to your 'out of hours team' regarding this. Approval of this application will create a source of unreasonable disturbance and nuisance to local residents which will result in constant complaints to licencing.

In view of the above I must object to the application.

Finally, it is only by chance that I came across the notice of application. Given the location of the club, and its close proximity to the residential estate adjacent, I am surprised that there were no notices erected on the estate to advise residents. These are surely the people who will be most affected by the application and any noise emitted from the premises. I would ask, therefore, that the application is re-advertised with notices located on the streets where residents are likely to be interested/affected and that the period for comments to be made is extended/restarted.

Yours sincerely

Steve Butler
