1.0 Introduction

- 1.1 At the beginning of the municipal year, the Scrutiny Board (Environment and Neighbourhoods) agreed to conduct a piece of Scrutiny work in line with its new statutory role to scrutinise crime and disorder functions (as set out within the provisions of the Police and Justice Act 2006). The Scrutiny Board agreed to conduct an Inquiry into Integrated Offender Management.
- 1.2 Integrated Offender Management is the process of developing and delivering a range of interventions for those individuals identified as of most concern to police and communities. With the overall aim of reducing or stopping such individuals offending, the 3 strands of the IOM model are based around the existing national Prolific and Other Priority Offender (PPO) Strategy, which are Prevent and Deter; Catch and Control; and Rehabilitate and Resettle. In its broadest sense, the IOM model of working can be used to identify and deliver interventions for individuals, families or neighbourhoods and it is the Safer Leeds Partnership that is accountable for the overall development, delivery and performance of the Leeds IOM model.
- 1.3 The Board agreed the terms of reference for its inquiry in October 2009. These are attached as Appendix 1.
- 1.4 Working group meetings have been held during November and December to consider evidence in line with sessions one and two of the Inquiry. The purpose of this report is to provide Members with an update of the key issues raised to-date as part of the Board's ongoing inquiry.

- 1.5 A written summary of the working group meetings held during November and December (appendix 2) will follow shortly for Members' consideration.

2.0 Recommendation

- 2.1 The Board is asked to note the summary of the working group meetings held in November and December which sets out the key issues raised to-date as part of the Board's inquiry into Integrated Offender Management.
