

Area Committee Well-being Fund – Project Summary
Inner West Area Committee

Project Name: Aviary Street/Truro Street

Lead Organisation: Leeds City Council Traffic Management

Project Delivery - How will the project be delivered? (list any partners involved in the project):

Feb 2010: Approval of funding application

March 2010: Residents Consultation

April 2010: Report to Highways Board for approval of works

June 2010: Advertisement of Traffic Regulation Order

September 2010: Commencement of works

November 2010: Completion of works

Project Summary (include a brief description of the main activities, why the project is needed and links to key priorities):

Closure of through road at both ends. Includes:

- 2 point closures
- Alterations to two bin stores to create turning heads
- Re-sitting of one telegraph pole
- Traffic Regulation Order to provide No Waiting At Any Time restrictions at new turning heads
- Improves community relations due to provision of improved residential environment
- Improves environment for vulnerable users particularly children, may have ancillary effect of attracting more families to the area long-term

Outcomes (summarise the main outcome/output/benefit the project will achieve):

- Elimination of a hazardous through route particularly when used by speeding vehicles
- Improved environment for residents with the elimination of motor vehicles
- Simplification of policing due to elimination of known escape route for evasive suspects
