Dear Ms. Keene,

Further to your proposals to extend Victoria Primary School, at the top of Ivy Avenue, this will be the second expansion within the past 5 years.

Having lived in this street since 1980 things have certainly changed. Below are just a few examples:

- ① Milk being delivered 4.30-5. AM.
- ② Supplies start arriving from 7.30 am. Flashing lights, and beepers going off.
- ③ Buses, Coaches, struggling to get up the street as it's not really wide enough for parking and two way traffic, plus all the diesel fumes polluting the air, as they wait for the pupils to board the bus/coach as the engine is always kept running.
- ④ Litter, including discarded milk cartons chocolate
