

wrappers plastic bottles, Sweet papers, any amount of litter including DIRTY NAPPIES AND CIGARETTE BUTS ARE JUST DROPPED FROM PARKED CARS. A Favourite place has been just outside the school gate adjacent to the allotments AND NOT IUY AVENUE parents who walk up the street congregate in this area hence the rubbish dropped.

5) PARKING. This has been a problem from day one for the residents of Iuy Avenue and on many occasions we have tried to address this problem. Councillors, Police, Community Constables all have tried but the problem is still as bad as ever. The highways department did try to help out by white lining the entrances to park at Car on Drivers, I am in a different position as I have a disabled boy outside my house. as I am the holder of a Blue Disabled Badge.

extra children being taken as pupils at Victoria Primary School will only increase the above inconveniences to the residents

If one goes out of Iuy Avenue, shopping, Dentist, Doctor's Hospital appointments, etc. and its around 2.30pm. we all know that we are unable to park outside our own homes, as parents, grand parents ect are already securing a place as near to the school as possible. No regard or respect for the residents not only in Iuy Avenue but also in the surrounding streets near to the school.

I propose that the school gates be removed to the ~~right~~<sup>right</sup> hand side of the playing fields just off Osmondthorpe Lane thus not causing all of this inconvenience to residents
