# Better Understanding Burglary

- ❑ Burglary accounts for 45% of the serious acquisitive crime
- ❑ Close proximity of affluent / deprived areas
- ❑ High population turnover – transience
- ❑ Higher than average privately rented – associated HMO issues
- ❑ Highest UK concentration of students
- ❑ Higher proportion of 16 to 29 year olds – key nominal age range
- ❑ Offending behaviour – progressing from ASB and damage to burglary
- ❑ Improved knowledge of the stolen goods market

# Strong Leadership

- Strategic ownership rests with the Safer Leeds Executive.
- Partnership focus is delivered through the city wide tasking regime
- Chair is directly accountable to the Safer Leeds
- The monthly tasking process remains crucial to driving activity across the city and at a local level
  
- ALMOs; ASBU; CASAC (Target Hardening); Divisional Community Safety Partnerships (Community Safety Officers); Education Leeds; Fire and Rescue Service; GOYH; IOM (Divisional and Hub) and DOMU; LCC Community Safety and Crime Reduction; Probation; Signpost (Family Intervention Partnership); WYP Divisional Representatives, Op Titan and Crime Reduction; YOS
  
- Aspirational but realistic target to reverse current trends and improve performance against peer groups

# Strategy & Delivery (6 elements)

- **Intelligence led** - Improve understanding of the scale and nature of the problem through detailed problem profiles.
- **Victim** - deliver the 'Securing Homes' strategy to protect and support vulnerable victims and their homes
- **Offender** - to effectively manage Juvenile and Adult offenders through an IOM process that is linked to activity that reduces offending within individuals, families and associate networks.
- **Location** - to adopt a coordinated and sustained approach in the strategic localities of concern
- **Reduction** - to follow the 10 principles of crime reduction with a particular focus on reducing the pay-off through focused activity to identify and disrupt the markets for stolen goods
- **Finance** - to maximise funding opportunities and ensure value for money is delivered against initiatives.

# Sustainability

The performance results show that progress is being made. **To sustain the current improvements we will focus on:**

- **Partnership Processes**
  - Continue to be intelligence led
  - Continue with the tasking regime and direct local activity
- **People**
  - Identify and manage those offenders causing the most harm
  - At risk Individuals and families
  - Groups linked to various crime and ASB issues
- **Places**
  - Deliver tailored responses in localities of concern and support vulnerable communities
  - Share what works to enhance effectiveness and efficiency

# Possible Scrutiny Inquiry

## Points to assist decision:

### Note:

April 2009, new intelligence led tasking regime started  
July 2009, strategic localities of concern identified and agreed  
Sept 2009, PPO & DYO cohort refreshed (focus on burglary nominals)  
Oct 2009, CAA Inspection led to red flag

Nov 2010, HMIC & AC follow up Inspection

- How well are priority services, outcomes and improvements being delivered?
  - How strong is the capacity for improvement?
- Outturn for 2010/11 will be better than previous year reversing the 4 year upward trend.
