(Councillor D Atkinson joined the meeting at this point)

The Board discussed the following issues

Local employment

- Measures available and currently used to ensure developers encouraged local employment, skills and apprenticeships
- Concern that new developments in Leeds brought more commuters from across West Yorkshire, rather than employment for Leeds citizens

Transport infrastructure

- Concern generally about the existing transport infrastructure throughout the city. The west and north west areas of Leeds were identified as areas not well served by an effective highway network.
- The proposed location for the high speed rail terminus. Members advocated development of a fully integrated transport interchange in the City centre
- The need to establish a fall-back position for transport improvement should the NGT bid fail to consider how to support continuous development without the NGT scheme

Future Development

- Measures to encourage high quality developments which provide high quality green space
- The impact of residential development in the green belt in terms of added stress on the transport infrastructure and quality of life generally
- Broadband connectivity issues for small businesses. Members noted that Mr Farrington would provide Councillor Robinson with a copy of the city region broadband project

(Councillor Matthews withdrew from the meeting for a short time at this point)

- The need to take an overview of the Leeds retail and culture offer and to establish proposals to support those parts of the city centre left empty when retail development shifts emphasis
- Measures to prevent developments stagnating
- Reduction of CO2 emissions and what LCC could do in terms of leading by example through utilising renewable energy and goods within its own buildings, thus encouraging developers to do the same
- Role of the night time economy and the infrastructure needed to support it.

Councillor Ogilvie addressed the Board and highlighted the following issues for the Boards' consideration from within the culture portfolio

- How to engage young people with the city's sporting and cultural events. To consider the success of the current approach and evaluate whether this approach could be developed
- Establishment of a bowling pitch strategy
- Consideration of the economic and social benefits brought to the city by hosting cultural/sporting and recreation events

The Board further discussed:

- How to build on the substantial physical improvements made to the city's cultural infrastructure
- What support LCC could provide young people who sought to create their own events
- The city's history of provision of concerts and music entertainment
- The role of Area Committees in providing funds for local youth groups and events

## **7 Work Schedule**

The Head of Scrutiny & Member Development submitted a draft work programme for the Board for the 2011/12 Municipal Year including a schedule which referred to the four main priority themes already identified in the Boards' Terms of Reference.

## **8 Co-Opted Members**

The Head of Scrutiny & Member Development presented a report seeking Members' consideration of whether to appoint Co-optees to the Scrutiny Board or whether to call for witnesses to specific Inquiries instead.

Members recognised the value of co-optee participation however felt that the input of specialists would be more appropriate to strengthen the work of the Board in any Inquiry into a given priority due to the breadth of the remit of the Scrutiny Board.
