Project: Bicycle Repairation Project	
Lead organisation: Leeds Youth Offending Service	Wellbeing Funding: £2,000
<p>During October to December 2011, nine sessions of 2 hours have been delivered with 12 young people, from the Youth Offending Service, attending. From the work undertaken with the young people six fully reconditioned cycles were donated to Martin House. Due to unforeseen circumstances the project were unable to use the bike mechanic that had been employed. James Barton (Youth Offending Service) used some of the funding to attend 2 courses in bicycle mechanics and cycle maintenance. James can now deliver sessions without the cost of employing a cycle mechanic and has reduced the amount in funding required to deliver the project. Further materials are to be purchased, from the funding, in the new year and a number of young people are ready to start the project.</p> <p>Charter Priority(s)- Support young people to improve their behaviour, school attendance and achievement.
