Summary of main issues

1. Reducing Smoking in the over 18s is identified in the Scrutiny Board’s Terms of Reference. At its meeting on 22 July 2011, the Board agreed that the Board work should also include consideration of reducing smoking in the under 18s.

2. At its meeting in January 2012, the Scrutiny Board considered the draft Leeds Tobacco Action Plan and heard from the Joint Director of Public Health and representatives from West Yorkshire Joint Services (Trading Standards).

3. The Scrutiny Board has also received information associated with tackling smoking prevalence through other work areas including health inequalities and performance monitoring. Details from the work of the Board are being used to draft a report (to follow) to be presented at the meeting.

Recommendations

4. To amend and/or agree the Scrutiny Inquiry report and any associated recommendations on Reducing Smoking.
