

Monitoring returns on wellbeing projects

Project: Harehills Mini Olympics	
Lead organisation: Harehills Youth Strategy	Wellbeing Funding: £1,886
<p>The event took place to coincide with the Olympic Torch passing up Harehills Lane. Over 2,000 people attended and took part in a variety of sporting tournaments including football and cricket, and a range of family activities. They were then led up to the Harehills lane to watch the torch. Positive publicity in the Yorkshire Evening Post referred to the community atmosphere in Harehills on the day of the torches procession and a number of positive emails were received from community members praising the event.</p>	

Project: RHEA Cinema Club & Zumba	
Lead organisation: RHEA	Wellbeing Funding: £987
<p>The Zumba course has now taken place and was well received. The cinema club portion of the grant has had to be delayed as copyright law has required that they apply for the appropriate rights to show the films.</p>	

Project: Seacroft Gala	
Lead organisation: Seacroft Gala Committee	Wellbeing Funding: £1,500
<p>Unfortunately this event had to be cancelled at the last minute due to bad weather. Once cancellation fees have been paid to providers who have charged them, the rest of the grant will be reimbursed to the Area Committee. The Gala Committee are intending to put on a new Gala at Christmas and have been invited to reapply for funding for this.</p>
