Not Applicable

Annex 1 – Mandatory conditions

Not Applicable

Annex 2 – Conditions consistent with the Operating Schedule

Conditions attached due to the Operating Schedule

General

Access to the car park to the north of the restaurant (highlighted pink on the attached aerial photograph) will be closed from 23:30 every day until the restaurant opens the following morning, as agreed in relation to planning permission.

The prevention of Crime and Disorder

The restaurant is keen to work in partnership with the local police force to prevent crime and disorder.

At this restaurant all shift running managers have safety and security training. This restaurant will maintain a CCTV system in operation on the premises while open to the public. CCTV images will be held for a period of 28 days and access to the CCTV system will be provided to Police Officers and Council Officers at their request.

Public safety

This restaurant has safety systems in place to protect the safety of customers and staff at all times. These systems are regularly reviewed and updated where appropriate. In line with current legislation all our restaurants are routinely inspected by the local Environmental Health Office and we work with them and the local Fire Service to ensure we are complying, as far as reasonably practical, with relevant Health and Safety and Fire Safety Legislation. This restaurant is subject to inspections from our own safety and security teams to ensure our systems are being maintained.

This restaurant is keen to work in partnership with the local Fire Service and Environmental Health Officer to ensure Public Safety.

The prevention of Public Nuisance

McDonalds were the first company in our sector to introduce litter patrols in the early 1980's. These patrols collect McDonalds packaging and other litter within a certain radius of the restaurant. We are happy to act on recommendations from Environmental Health Officer should they feel that we should extend our patrol to a nearby area, as far as this is reasonably practicable. Our pioneering stance on litter patrols has meant working on a project with DEFRA, in which we piloted 'reducing litter caused by food on the go', a voluntary code of practice for local partnerships.

We also have measures in place to limit noise. Our doors are self closing and we try to encourage our customers to be considerate to our neighbours and limit noise both when ordering their food and on leaving the local area.

The protection of Children from Harm

McDonalds do not anticipate that children will use the restaurant in the extended hours period covered by this licensing application. We do however take their safety extremely seriously and will continue to employ the same practices to ensure that they are protected from harm at all times when visiting the restaurant.

All our restaurant staff are required to attend comprehensive safety training.

Conditions agreed with Responsible Authorities

The prevention of Crime and Disorder

Operate an effective CCTV system to be maintained in accordance with guidelines issued by West Yorkshire Police

Secure CCTV footage will be secure and retained for a period of 31 days and supplied to West Yorkshire Police.

The prevention of Public Nuisance

Ensure that no nuisance is caused by noise and vibration emanating from the premise.

No commercial waste collections shall take place between the hours of 22:00 and 08:00 the following morning.

Annex 3 – Conditions attached after a hearing by the licensing authority

The prevention of Crime and Disorder

The car park will be closed and locked between the hours of 23:30 and 05:00.

Annex 4 – Plans

The plans for these premises are as those submitted with the application. A copy of which is held by Leeds City Council Licensing Authority.
