- A view that the revised guide was still not prescriptive enough as discussed at the previous meeting  
*(The Chief Planning Officer responded and outlined his concerns at being too prescriptive in approach as there were wide variations in the scale of developments and therefore one size does not fit all)*
- The concern that planning officers may interpret the guide in different ways and as a consequence there was a need for officer training in order to achieve a consistent approach on this issue  
*(The Chief Planning Officer stated that arrangements were in hand for the necessary training to take place)*
- To note that the good practice guide was voluntary and not mandatory on developers for pre application engagement
- The proposal to include in the guide a simple flow chart on the steps developers should take to ensure proper engagement with officers, ward members and local communities at pre planning application stage and useful contact details  
*(The Chief Planning Officer responded and agreed to include a flow chart in the guide and consider the inclusion of local community group details as appropriate)*

*(The Chief Planning Officer responded and stated that the guide did go well beyond the SCI guidance)*
