

Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being or has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

The Parks and Countryside service in Leeds has led the way in developing innovative ways to develop the financial value of park assets whilst improving and sustaining community parks. This includes successful projects at Tropical World, Lotherton Wildlife World, the Arium, Middleton Park, Golden Acre and Temple Newsam along with broader initiatives that utilise park assets for additional income.

The Future Parks Accelerator (FPA) is a new national initiative to develop ambitious solutions to secure and enhance the future of public parks and greenspaces for long term public benefit with up to £1m funding. An expression of interest was submitted to the Future Parks Accelerator initiative on 19th November 2018. Confirmation has now been given by HLF that Leeds are one of ten applicants out of a total of ninety who will be invited to submit a full application. There is scope within this initiative to link this with a proposed bid of a maximum £250k to the Resilient Heritage grant fund for Temple Newsam Estate, which would add strength to both bids needing to be submitted mid-

January 2019. Successful bids would provide additional capacity to fund posts in the Parks and Countryside service along with research and benefit from other expertise, including the National Trust.

3. Relevance to equality, diversity, cohesion and integration

4. Considering the impact on equality, diversity, cohesion and integration

If you can demonstrate you have considered how your proposals impact on equality, diversity, cohesion and integration you have carried out an impact assessment.

Please provide specific details for all three areas below (use the prompts for guidance).

- **How have you considered equality, diversity, cohesion and integration?** (think about the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected)

- **Key findings** (think about any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

- **Actions** (think about how you will promote positive impact and remove/ reduce negative impact)
