White Paper Amendment	A2 TO WP2	11/7/23	11/7/23

Submitted by:	Councillor Mohammed Rafique
Relevant Board/Regulatory Panel:	Executive Board
Executive Member/Chair:	Executive Member (Climate, Energy, Environment and Green Space)
Relevant Director	Director of Communities, Housing and Environment

Delete All After:

“This Council recognises the significant role that community parks play in the health & wellbeing and cultural life of communities across Leeds. It welcomes the commitment in the Leeds Parks and Greenspaces Strategy 2022-32 to invest in active travel and ‘access for all’ both within and without local greenspaces to maximise usage.”

And replace with:

“Council is proud of its record improving parks and green spaces in Leeds, with 72% of Leeds community parks now achieving the Leeds Quality Parks standard, compared to just 22% in 2010 under the Conservative/Liberal Democrats Administration at that time. Council notes this improvement is despite 13 year of damaging government imposed austerity, including £181.9m cut from council services every year since 2010 in Leeds by the Liberal Democrats as part of the Coalition Government.

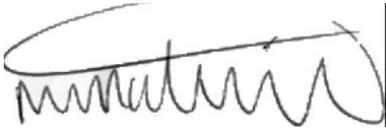

Despite this, Council welcomes improvements delivered by this Council with partners to parks and green spaces in Leeds including:

- Receiving the prestigious Green Flag award at seven sites, including Golden Acre Park, Kirkstall Abbey, Middleton Park, Otley Chevin Forest Park, Pudsey Park, Roundhay Park and Temple Newsam
- Over £3m invested in the development of new visitor facilities at Temple Newsam
- The development of a new 2 hectare city centre park, Aire Park
- Breeze in Parks events providing access to parks for young people across the city.
- Children’s Day Reimagines which will see 1000 children from across the city come together at Roundhay Park on 14th July
- Recent improvements to local parks funded by Labour Ward Members, including a new play area at Ashton Park in Harehills and improved play equipment in Bramley Park;
- Securing £20m investment in the East Leeds and North West Leeds Parklife Schemes which will provide additional sporting and active lifestyle facilities such as outdoor park activity stations, to enable people to do fitness training whilst running around the park, young person’s play areas and significant wildlife habitat improvements
- Our woodland creation programme which will see a further 50 hectares planted each year over the next 4 years.

Council further welcomes work by this council with partners to make Leeds a safer place for women and girls, including the Ask for Angela Campaign which now has over 600 bars and restaurants in Leeds already signed up; the successful women’s night safe bus; and the survey

of women who live, work and visit Leeds city centre to share their experiences to help the council and partners make Leeds a safer place for women and girls.

Council is disappointed that Government Ministers earlier this year refused to approve levelling up fund bids to further improve parks in Leeds and Council believes this is yet another example of a failing Conservative Government that continues to let the people of Leeds down.”
