“.....recognises the importance of green spaces for our communities and the role they play in the health and wellbeing of our residents, and further recognises the huge contribution by volunteers who put so much time into running sport activities for people across Leeds.

This council thanks those volunteers and supports the continued use of green spaces by community groups and is proud of the great array of activities which take place within these spaces across the city.

Council welcomes the £43m potential external capital funding secured by this Administration for investment in sport development in communities across Leeds.

This council reiterates its commitment to ensuring public access to green spaces can continue whilst also supporting community groups and sports teams who use the facilities through difficult financial times.”
